®Glutoclean

Vinyl and designer flooring cleaner

Technical Data Sheet

1l / Item number 036003205 / EAN 4250295103702

For cleaning and maintenance in a single step. Effortlessly removes stubborn dirt, old coating and maintenance layers, wax residues, scuff marks and heel marks. The surface is revitalised and its appearance is preserved in the long term. Recommended for initial and routine cleaning, as regular use reduces the adhesion of dirt and makes the cleaning process easier. For cleaning resilient floor coverings made of plastic, PVC, CV, polyolefin and rubber.

- Concentrate
- cleans and nourishes
- for basic and routine cleaning
- protects and maintains the natural shine
- also suitable for plastic and rubber floor coverings

Area of application

Cleaner and care product for floors in living areas, the kitchen, hallways and offices: removes dirt, wax residue and scuff marks, refreshes the floor and provides long-lasting protection.

Processing

Deep clean: Add 200 ml of the cleaner to a bucket containing 5–7 litres of warm water. Apply using a standard floor mop or a damp cloth. Then go over the area with a scrubbing brush and remove any loosened dirt. Then wipe with clean water.

Routine cleaning: Add 50 ml of the cleaner to a bucket containing 5–7 litres of warm water. Mix well. Wipe with a floor mop or squeegee and leave to dry. Rinsing is not necessary.

Storage

Store the container tightly sealed in a cool place, but away from frost. Keep out of the reach of children.

Notes

High-gloss surfaces may become matt under certain circumstances. Always test on an inconspicuous area first.
