

Acrylic cleaner

Properties:

- For a beading effect
- Has an antistatic effect
- For colour-brilliant and shiny surfaces
- Fresh scent

Effect

Dirt such as dirt streaks after bathing, limescale deposits, soap, shower gel and bath oil residues, grease, fingerprints and signs of use are effectively and gently removed. Treated acrylic surfaces shine and become hygienically clean, dirt-repellent and easier to clean.

Area of application

Acrylic and plastic surfaces in sanitary and wet areas, bathrooms, showers and WCs. For baths, whirlpools and shower trays, shower bases and shower partitions, fittings and plastic surfaces.

Application:

Spray undiluted onto the surface and allow to take effect for 1–2 minutes. Then wipe briefly with a damp cloth and rinse with warm water. For stubborn deposits, treat with a cloth or sponge and rinse with water.

Technical

Density:	1.01 g/cm
pH	7
value:	Clear
Colour:	Noticeable
Odour:	

Storage:

Keep containers tightly closed and store in a cool place, but not exposed to frost. Keep out of reach of children.

Notes:

Acrylic is a skin-friendly material and feels warm and cosy. Organic solvents or abrasive cleaners containing pigments can damage the surface. Surface damage can be removed with car polish and a soft cloth.

Please refer to the safety data sheet for safety-related information.
