®Glutoclean

Motorhome, Caravan, Boat Deep Cleaner

Technical Data Sheet

1l / Item number 031703074 / EAN 4044899317036

Highly concentrated deep-cleaning agent for stubborn dirt on textured surfaces. Highly effective at removing stubborn deposits, road grime and environmental dirt, grease, oil, diesel, insects and other residues. Suitable for all painted and plastic surfaces on motorhomes, caravans, boats and much more. Leaves a streak-free shine. Enhances water repellency and reduces re-soiling. Biodegradable.

- for clinker, bricks, clay, split and dry-pressed slabs
- enhances and refreshes colour
- protects against dirt and stains
- for indoor and outdoor use
- 1 litre is sufficient for approx. 15–20 m²

Area of application

Motorhome, Caravan & Boat Basic Cleaner removes rain streaks, insects, oil, diesel and deposits from paintwork and GRP.

Processing

Add 100 ml to 5 litres of water and mix well. Apply evenly with a sponge or brush, leave for a short while and then buff thoroughly. Finally, rinse with clean water and dry with a chamois leather. For heavily soiled areas, use a more concentrated solution or, if necessary, the product undiluted. The shine will appear naturally.

Storage

Store the container tightly sealed in a cool place, but away from frost.

Notes

For stubborn insect residues, apply the product to kitchen roll or an absorbent cloth and cover the residue with it. Leave for 5–10 minutes, then wipe away the loosened dirt. Not suitable for Plexiglas or acrylic glass.
