# Leather Cleaner

Technical Data Sheet

750ml / Item number 030102074 / EAN 4044899301028
750ml / Item number 030102092 / EAN 4044899301929

Specialist cleaner for the thorough yet gentle care of smooth leather. Removes signs of wear, grease marks, stains, marks, dirt and grime. Does not dry out the leather. Revitalises the surface. Suitable for all smooth leather upholstery in the home, office and all commercial settings. Particularly suitable for leather furniture, interior trim and soft tops on cars and boats. Suitable for all types of smooth leather.

- Cleaning and Care
- removes dirt and stains
- does not dry out the leather
- For all types of smooth leather in the home, car, caravan and boat

## Area of application

Leather cleaner for sofas, cars and the home: gently cleans smooth leather, removes stains and signs of wear, refreshes the leather and protects against drying out.

## Processing

Spray directly onto a soft, slightly damp cloth or soft sponge and wipe the surface to be cleaned using circular movements. Wipe up the loosened dirt and then wipe the surface thoroughly with a dry cloth. Repeat the process for particularly stubborn stains.

## Storage

Keep the container tightly closed and store in a cool place, away from frost. Keep out of the reach of children.

## Notes

Leather is a delicate material. You should therefore always test the product on an inconspicuous area before use to check for surface compatibility and colour fastness. Under no circumstances should the leather be soaked. Never spray leather cleaner directly onto the surface. Avoid applying it to small, localised areas; always work over a large area to prevent staining.
