®Glutoclean

Algae remover

Technical Data Sheet

5l / Item number 007005057 / EAN 4044899070054

Reliably removes algae, mould and stubborn green deposits from stone, render, ceramics, concrete and wood. This ready-to-use, deep-acting solution cleans on its own, is odourless and ideal for patios, paths, façades and fences. Suitable for approx. 50 m².

- ready to use
- cleans house walls, floors, roofs, garages, fences, tiles, stone, bricks, concrete and the like.
- very easy to apply using a pressure sprayer
- Use biocidal products with care. Always read the label and product information before use.

Area of application

Reliably removes algae, mould and similar green deposits.

Processing

Apply the moss and lichen remover using a pressure sprayer, paintbrush or brush, and leave it to work for at least 24 hours. One application is usually sufficient; however, in the case of very heavy soiling, it may be necessary to brush off the residue or repeat the application. The treated surfaces should be washed down before applying any subsequent coats of paint or waterproofing. Clean tools with water after use.

Consumption

5 litres is enough for approx. 50 m²

Storage

Store the container tightly sealed in a cool place, but away from frost. Keep separate from food and out of the reach of children.
