®Glutoclean

Awning Waterproofing

Technical Data Sheet

750ml / Item number 039502074 / EAN 4044899395027

Solvent-free protective impregnation with long-lasting effects for natural and synthetic fabrics. Makes surfaces water- and dirt-repellent, provides reliable protection against damp and prevents mildew stains – ideal for long-lasting cleanliness and well-maintained materials.

- Long-lasting protection with a water-repellent effect
- stain- and water-repellent
- prevents mould stains
- also for parasols, beach chairs and tents

Area of application

Protective impregnation for awnings, parasols, tents and tarpaulins: water-repellent, dirt-repellent and provides long-lasting protection against mildew stains and green deposits.

Processing

The surface must be dry and clean. If necessary, clean the fabric thoroughly beforehand using Glutoclean Awning Cleaner and allow it to dry. Spray Glutoclean awning waterproofing generously and evenly onto the dry, weather-facing side of the fabric from a distance of approx. 30 cm (avoid excessive wetting) and leave to dry.

Storage

Keep the container tightly closed and store in a cool place, away from frost. Keep out of the reach of children.

Notes

As the onset of the effect is enhanced by heat and sunlight, it is recommended that the product be used in dry, warm weather.
