Faux leather cleaner

Technical Data Sheet

750ml / Item number 030202074 / EAN 4044899302025
750ml / Item number 030202092 / EAN 4044899302926

Cleans gently and thoroughly. Removes signs of wear, stains, marks, dirt and grime. Does not dry out the surface. Suitable for all faux leather upholstery in the home, office and all commercial settings. Particularly suitable for faux leather furniture, interior trim and soft tops in cars and boats. Suitable for all smooth and textured types of faux leather.

- Cleaning and Care
- removes dirt and stains
- does not dry out the leather
- For all types of smooth leather in the home, car, caravan and boat

Area of application

A gentle cleaner for furniture, cars and the home: thoroughly removes stains, marks and signs of wear without drying out surfaces.

Processing

Spray the product undiluted onto a soft, slightly damp cloth and wipe the surface to be cleaned with the cloth using circular movements. Wipe away any loosened dirt and then wipe the surface thoroughly with a damp cloth. Repeat the process for particularly stubborn stains.

Storage

Keep the container tightly closed and store in a cool place, away from frost. Keep out of the reach of children.

Notes

Faux leather is a delicate material. You should therefore always test surfaces for compatibility and colour fastness on an inconspicuous area before treatment. Under no circumstances should the material be soaked.
