®Glutoclean

Hydromassage System Cleaner – Concentrate

Technical Data Sheet

1l / Item number 047503092 / EAN 4044899475934

Cleans and disinfects jacuzzi and whirlpool bath systems. For disinfecting pipes and residual water. Prevents the growth of bacteria and thoroughly eliminates germs, bacteria, fungi, Legionella and other microorganisms that may settle in hard-to-reach areas of the water supply system. Prevents unpleasant odours. Thoroughly removes soap scum, grease deposits and limescale, thereby eliminating the breeding ground for microorganisms.

- against bacteria, germs, mould and odours in nozzles and pipes
- 1.0 litres is enough for 10 uses

Area of application

For hot tubs, whirlpool baths and similar. For disinfecting the water supply system and jets in hot tubs and whirlpool baths. Also suitable for hydromassage systems with built-in automatic and semi-automatic cleaning systems.

Processing

Leave the water in after using the bath or spa, or top up with fresh water so that the topmost jet is submerged.
Add 100 ml of Hydromassage System Cleaner to the water and run the system for 15 minutes. Then drain the water and rinse the bath or spa with clean water. In spas and baths with a built-in disinfection system, add the concentrate to the container provided for this purpose.

Consumption

1.0 litres is enough for 10 uses

Storage

Shelf life: at least 60 months from the date of manufacture

Notes

Be sure to follow the manufacturers' instructions for hot tubs and whirlpool baths.
Keep out of reach of children. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, do not induce vomiting; seek medical advice immediately and show the label to the doctor.

Base ingredients: <5% cationic surfactants, organic acid, phosphonates, fragrances
Density: 1.0 g/ml
pH: 6.0 – 7.5
Colour: clear
Odour: neutral
