®Glutoclean

Wood and Sauna Cleaner

Technical Data Sheet

750ml / Item number 037202092 / EAN 4044899372929

For restoring dulled and faded surfaces in saunas, Russian baths and other areas, as well as for removing stubborn dirt, deposits, green mould and the like.

Depending on the method of application, the original natural colour of the wood is either restored or protected.

- to refresh and protect the colour

Area of application

For both old and new surfaces made from natural woods such as, for example, teak, birch, bankirai, iroko, oak, larch, mahogany and black locust, as well as for rattan furniture.

Processing

To restore the wood to its original colour: spray the dry surface with the Cleaner and leave it to work for approx. 20 minutes, taking care not to let it dry out. Then scrub with a soft brush in the direction of the wood grain. Finally, rinse thoroughly with plenty of water and leave to dry.
To preserve the natural colour of the wood: spray a well-moistened sponge or cloth with the Cleaner and wipe the surface to be treated.
Leave it to work for approx. 5–10 minutes, then scrub thoroughly with a soft brush in the direction of the wood grain. Finally, rinse well with water and leave to dry.

Storage

Shelf life: at least 60 months from the date of manufacture

Notes

Read the text on the label before use. If medical advice is required: have the product packaging and label to hand.
Avoid contact with eyes and skin. Do not swallow!
Keep out of reach of children!
Wear protective gloves and eye protection.
If the product comes into contact with the eyes: rinse the eyes gently with water for several minutes. Remove contact lenses, if you wear them and if this can be done safely. Continue to rinse the eyes. If eye irritation persists, seek medical advice. Dispose of any remaining contents/container in accordance with local regulations.

Base formula: <5% amphoteric surfactants, organic acids, additives
