750ml / Item number 036602074 / EAN 4044899366027
750ml / Item number 036602092 / EAN 4044899366928

Thoroughly and intensively removes signs of wear, dirt marks, oily and greasy stains, nicotine deposits and other, even stubborn, dirt. Has an anti-static effect. For all plastic surfaces, both indoors and outdoors. Particularly suitable for doors, window frames, roller shutters, blinds, awnings, garden, kitchen and office furniture, boats, surfboards, etc. Also suitable for cleaning car interiors, including all plastic trim.

- for all plastic surfaces
- ideal for window frames
- also for garden furniture, boats and motor vehicles
- has an antistatic effect

Area of application

Intensive cleaner for living areas, the kitchen and the office: thoroughly removes signs of wear and tear, grease, nicotine and stubborn dirt; has an anti-static effect at home.

Processing

Spray the soiled surface and leave it to work for a few seconds. Wipe away the loosened dirt with a sponge or cloth, then rinse with warm water. For particularly stubborn deposits, scrub with a sponge or brush and rinse with water.

Storage

Keep the container tightly closed and store in a cool place, away from frost. Keep out of the reach of children.

Notes

Before treatment, test sensitive surfaces (e.g. those with a high-gloss finish) in an inconspicuous area to check for compatibility. Plastic cleaner can also be diluted with water (up to a ratio of 1:10) for use on sensitive surfaces or where soiling is light.
