®Glutoclean

Oven cleaner

Technical Data Sheet

750ml / Item number 039002074 / EAN 4044899390961

Glutoclean Oven Cleaner quickly and reliably removes even stubborn, burnt-on encrustations, grease and food residues, as well as oily stains. No need to heat the oven. The gel formula ensures powerful cleaning action even on vertical surfaces.

- Adhesive gel
- removes baked-on encrustations and dirt
- also for barbecue grills and frying pans

Area of application

Oven and barbecue cleaner for the kitchen and home: powerfully removes burnt-on encrustations, grease and cooking residues, even from surfaces.

Processing

Use only on cooled surfaces! Spray evenly onto the soiled surface and leave to work for 10 minutes. Wipe up any residue with a cloth or kitchen towel. Rinse with clean water and rub dry with a clean cloth. For heavy soiling, repeat the process and, if necessary, leave it to work for longer.

Storage

Store the container tightly sealed in a cool place, but protect it from frost.

Notes

Follow the oven manufacturer’s care instructions. Protect the area around the surface to be cleaned from coming into contact with the product. If necessary, rinse off with plenty of water.
