750ml / Item number 038702074 / EAN 4044899387022

For the effective control and permanent elimination of all types of mould, mildew stains and bacteria. Immediate disinfecting and powerful bleaching action. For all washable indoor surfaces, such as sanitary facilities, saunas and swimming pools. For treating grout, walls, ceilings, masonry, wood, glass and plastic.

- removes mould, mildew and bacteria
- with a bleaching effect due to active chlorine
- Immediate effect
- Use biocidal products with care. Always read the label and product information before use.

Area of application

Mould remover for the bathroom, kitchen, cellar and living areas: removes mould, mildew stains and bacteria; disinfects and has a powerful bleaching effect.

Processing

Do not pre-treat the affected surface to prevent the spores from spreading further throughout the room. Spray the surface thoroughly and evenly from a distance of approximately 15–20 cm. Leave for 15 minutes, then rinse thoroughly with plenty of water.

Storage

Keep the container tightly closed and store in a cool, dark place. Do not allow the product to enter the mains drainage system or watercourses.

Notes

Before use, test for compatibility with the surface on an inconspicuous area. Discolouration may occur on tiles with damaged glaze. Do not spray on plants, textiles or metals. When using the product, protect skin, clothing and the surrounding area from splashes. This product has a bleaching effect! Store and transport the container in a cool, dark place, keeping it upright.
