750ml / Item number 037302092 / EAN 4044899373926
750ml / Item number 037302074 / EAN 4044899373025

For removing soap and dirt residues, limescale and rust. For all acid-resistant surfaces in sanitary and wet areas, such as wall and floor tiles, ceramic coverings, washbasins and toilet bowls, bath, whirlpool and shower trays, shower screens and acid-resistant plastic surfaces. Also for removing limescale from taps and shower heads.

- gel-like – adheres better and is more effective
- fresh scent
- to prevent limescale build-up
- for hygienic cleanliness and a brilliant shine

Area of application

Hygiene cleaner for the bathroom, kitchen and toilet: its gel-like formula combats germs and bacteria, prolongs the contact time and ensures powerful cleaning performance at home.

Processing

Spray the surface and leave the cleaner to work for 1–2 minutes. Then rinse thoroughly with water. For stubborn stains, leave the cleaner to work for longer, scrub with a sponge or brush, and rinse with water.

Storage

Keep the container tightly closed and store in a cool place, away from frost. Keep out of the reach of children.

Notes

Before use, test for surface compatibility on an inconspicuous area. Thoroughly pre-wet ceramic tiles and cementitious grout. Not suitable for acid-sensitive surfaces such as calcareous natural stones including marble, shell limestone, terrazzo, travertine, Jura marble and Solnhofen tiles. For chrome fittings and enamelled surfaces, always allow the product to act for only a short time.
