®Glutoclean

Mould protection

Technical Data Sheet

750ml / Item number 038402092 / EAN 4044899384922

A clear, odourless protective impregnation for surfaces prone to mould growth. It forms an invisible protective layer that provides long-lasting protection against mould and improves the substrate’s moisture resistance.

- long-term protection against new mould growth
- 10–15 m²

Area of application

Suitable for use on all surfaces in residential areas, including bedrooms, kitchens, storerooms, bathrooms, basements and damp areas.
The ideal solution for all areas prone to mould (e.g. window corners and behind furniture).
Suitable for use on wallpaper, surfaces painted with emulsion paint, plaster, brickwork, stone, wood and similar substrates.

Processing

Surfaces already affected by mould should be treated with Mould Remover before use and left to dry thoroughly.
Then, spray the surface to be treated generously, evenly and without missing any areas.

Consumption

10–15 m²

Storage

Shelf life: at least 60 months from the date of manufacture.
Store in a cool place and keep tightly closed.

Notes

Before use, check the surface to ensure it is compatible with the product.
The surface treated with the impregnating agent must be allowed to dry thoroughly before carrying out any further work.
Keep out of the reach of children. Avoid contact with the skin. Do not swallow.
If swallowed, do not induce vomiting; seek medical advice immediately and show the packaging or label to the doctor. Use in well-ventilated areas.
Base ingredients: <5% cationic surfactants, quaternary compounds
ammonium benzyl C12–16-alkyl dimethyl chloride
Density: 1 g/ml
pH: 6.5 – 7.5
Appearance: milky-coloured liquid
Odour: neutral
Coverage: 50–75 ml/m² (750 ml is sufficient for 10–15 m²)
