®Glutoclean

Protective Waterproofing

Technical Data Sheet

750ml / Item number 038402074 / EAN 4044899384021

A transparent, odourless protective impregnation for surfaces at risk of mould. Helps prevent mould growth and reduces moisture absorption. Suitable for living rooms, bedrooms, children’s rooms, kitchens, pantries, bathrooms, cellars and damp rooms. Ideal for vulnerable areas (e.g. window corners, behind furniture and wall panelling). Suitable for use on wallpaper, plaster, masonry, emulsion paint finishes, stone and similar surfaces.

- with long-lasting film protection against the re-formation of mould
- Odourless, and therefore suitable for living rooms, bedrooms and children’s bedrooms
- Odourless, and therefore suitable for living rooms, bedrooms and children’s bedrooms
- Use biocidal products with care. Always read the label and product information before use.

Area of application

A transparent, odourless waterproofing treatment for bathrooms, kitchens and cellars: protects surfaces at risk of mould, reduces damp and prevents further mould growth.

Preparation

Any mould or spores present on the surface to be treated must first be removed. To do this, use Glutoclean Mould Remover (either the chlorine-based or chlorine-free version). Allow the surface to dry thoroughly after cleaning.

Processing

Spray the protective impregnating agent over the entire surface and at least 1 m beyond the affected area, then leave to dry.

Storage

Store the container tightly sealed in a cool place, but protect from frost.
Keep out of the reach of children.

Notes

Always check for surface compatibility before use. Do not apply at temperatures below +5 °C.
