®Glutoclean

BR3 Construction Site Final Cleaner

Technical Data Sheet

1l / Item number 042003074 / EAN 4044899420033

Specialist cleaner for interior and exterior use. Intensive cleaning for the trades and industry. Particularly suitable for removing grease and wax residues, construction dirt, scuff marks, rubber marks, nicotine deposits, etc. For deep cleaning prior to the application of sealants, impregnating agents, gloss coatings and protective films.

- Concentrate – can be diluted up to 1:50
- thorough and residue-free final cleaning
- removes construction site grime, grease residues, rubber abrasion and heavy soiling
- inside and outside

Area of application

Specialist cleaner for interior and exterior use. Removes grease and wax residues, construction dirt, scuff marks, rubber marks, nicotine deposits, etc.

Processing

Apply using a floor mop or cloth, then work it in with a scrubbing brush, brush or sponge and remove any loosened dirt. Rinse off with clean water afterwards.

Dilution:
Dilute 200 ml of the concentrate with a maximum of 10 litres of water. Can also be used undiluted for heavily soiled surfaces.

Storage

Keep the container tightly closed and store in a cool place, away from frost.
Keep out of the reach of children.

Notes

Test for compatibility on a small, inconspicuous area of sensitive skin before use.
