

Mould Protection Additive

Anti Schimmel Zusatz

Description

Protects against mould even as you renovate!
Additive for dispersion paints, paste, plaster, mortar. Also for surface restoration. Concentrate!

Action

Immediate and long-time protection against mould and microbial contamination. Additive to water-based construction materials to prevent formation of mould, moss, fungi and algae. Also for surface renovation before wallpapering and painting work.

Scope of application

As additive for dispersion paints, wallpaper paste, filling compounds and joint sealers, mortar and plaster. Can be used as surface renovation on all absorbent mineral surfaces such as plaster, plasterboard, stone, concrete, aerated concrete, masonry and the like.

The surfaces treated with the above-mentioned materials will be permanently protected against infestation with mould – particularly at thermal bridges and other problem areas with unfavourable humidity ratio.

Application

For surface restoration:

Dilute 250 ml Anti-mould Additive with 5-7 litres of water. Brush the contaminated places 2 x wet-on-wet and leave to dry completely before any further treatment.

Dispersion paints:

Add 25 ml per 1 l of paint and stir well.

Wallpaper paste:

Fill 250 ml per paste packing into the make-up water and stir in.

Mortar and plaster:

Add 500 ml per 10 l make-up water and stir. Then mix in the usual manner.

Joint sealers and white joint mortar:

Add 125 ml Anti-mould Additive per 5 kg of dry matter to the make-up water.

Please note

Always check product compatibility beforehand. In the case of dispersion paints prepare test sample beforehand. The original consistency must remain unchanged and the paint must not thicken.

Technical data

- Density: 1.0 g/ml
- pH value: 6.0-7.5
- Appearance: clear liquid
- Odour: neutral

Consumption/range

- Depending on the material used, 1 litre is sufficient for 40 litres of paint.

Safety notes

- Keep out of the reach of children.

Other

Product is governed by the Biocides Directive 98/8/EC. BAuA-Rg. no.: N-32775

Use biocides safely. Always read the label and product information before use.
