

® **Glutoclean**

Awning Cleaner

Description

Self-acting. Dissolves even stubborn contamination thoroughly. Easy application by simply spraying on. Suitable for tents and sunshades.

Effect

Cleaner gentle to material and colour. Self-acting. Effectively dissolves even stubborn contamination, bird droppings, deposits, environmental pollution, dust accumulations and other contamination.

For basic cleaning before impregnation with Glutoclean Markisen Imprägnierung.

Area of application

For all natural and synthetic fabrics such as linen, cotton, acrylic, etc.. Suitable for awnings, sunshades, window and winter garden shades, tents, tarpaulin, boat covers, convertible roofs, and the like.

Application

Remove loose dirt from the surface to be cleaned using a soft brush. Then pre-wet the fabric thoroughly. Following this, spray on the Markisen Reiniger covering the area or apply it using a sponge or brush and leave to soak for 2 – 3 minutes. The cleaner should not be allowed to dry on in the process. Rework using a soft brush, scrubbing brush or high-pressure cleaner and thoroughly rinse off the contamination thus loosened. Hose down with a garden hose if necessary.

Please note

Always test fabrics for colour fastness prior to application. Never close wet awnings or sunshades so as to avoid the formation of mould stains and mould. The cleaned surface should be treated with Glutoclean Markisen Reiniger to reduce susceptibility to contamination and moisture absorption.

Technical data

- Density: 1.0 g/ml
- pH-value: 10.5 – 11.0
- Appearance:
- Odour: flowery

Safety notes

- Highly flammable.
- Harmful if swallowed.
- Irritating to eyes and skin.
- Risk of serious damage to eyes.

Packaging unit

750 ml bottle (6 Items in carton)

Order No. 390 394
