

Teak Cleaner

Teak Reiniger und Entgrauer

Description

Maintains the natural patina or restores the original colour of the wood depending on the application. Also suitable for rattan furniture.

Action

For reconditioning all greyed and faded hardwood surfaces and for removing stubborn contaminations, deposits, green films and other contaminations. Depending on the application, the natural patina will be preserved or the original natural colour of the wood will be restored.

Scope of application

For old and new garden furniture of untreated hardwood such as teak, Bangkirai, Iroko, oak, larch, mahogany, robinia, cedar and the like. Particularly suitable for rattan furniture.

Application

For patina preservation: Moisten well. Spray the sponge or cloth and then wipe the surface with it. Leave to soak for approx. 5-10 minutes, then scrub thoroughly along the wood fibre using a soft brush. Rinse with water afterwards and leave to dry.

Restoring the original colour of the wood: Spray the cleaner onto the dry wood. Leave to soak for about 20 minutes without letting it dry out. Then scrub thoroughly along the wood fibres using a not too hard brush. Rinse with plenty of water and leave to dry.
