

Synthetic Material Cleaner Kunststoff Reiniger

Description

Cleaner for all plastic surfaces. Ideal for window frames, garden furniture, boats, etc.

Action

Removes traces of usage, dirt marks, oily and greasy contamination, nicotine stains thoroughly and intensively, and further, also stubborn contaminations. Counteracts static charge.

Scope of application

For all plastic surfaces in indoor and outdoor areas. Particularly suitable for doors, window profiles, shutters, louvers, awnings, garden, kitchen and office furniture, boats, surfboards, etc.

Also for internal car cleaning for all plastic trims.

Application

Spray onto the contaminated surface and leave to soak for a few seconds. Collect the dissolved dirt using a sponge or cloth and then rinse with warm water. If necessary, rework with a brush in cases of particularly stubborn deposits and rinse with water.

Please note

Test sensitive (e.g. high gloss lacquered) surfaces for compatibility on an inconspicuous area before starting the treatment. Plastic cleaner diluted with water up to 1:10 may be applied on sensitive surfaces or on a low contamination.

Technical data

- Density: 1.01 g/ml
- pH value: 10-10.5
- Appearance: milky liquid
- Odour: mild

Safety notes

- Keep out of the reach of children
