Heavy Duty Final Cleaner BR3 Baustellen-Endreiniger BR3

Characteristics :

- Concentrate
- Intensive final cleaning without residues
- Removes construction dirt, grease residues, rubber marks and heavy contaminations
- Indoors and outdoors

Action :

Special cleaner for indoors and outdoors. Especially suited for removing grease and wax residues, construction dirt, run marks, rubber marks, nicotine residues etc.

Scope of application :

Intensive cleaning for manufacturing and industry. Suitable for surfaces out of stone, ceramic, PCV, synthetic materials, glass and metal. For floors, windowsills, kitchen- office- and garden-furniture, awnings etc. For the basic cleaning before the application of sealings, impregnations, shining or maintenance films.

Dilution :

Dilute 200 ml of the concentrate with max. 10 l of water. A pure use is possible for a high degree of contamination.

Application :

Apply with a floor wiper or cloth, clean with a scrubbing brush, brush or sponge and wipe off the dissolved contaminations. Rinse with clear water afterwards.

Technical data:

Ingredients :	< 5 % nonionic surfactants, phosphonates, phosphates, fragrances
Density :	1,01 – 1,02 g/ml
pH value :	10 – 11
Appearance :	clear
Odour :	pleasant

Attention

Causes severe eye damage. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Wear protective gloves. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. . If eye irritation persists: Get medical advice/attention. IF ON SKIN: Rinse with a lot of water. Dispose of contents/container in accordance with local/regional/national regulations. Contact with acids liberates toxic gas.

Indications :

Always test sensible surfaces for compatibility on an inconspicuous area.
