

Glutoclean AM Mould Remover Spray

Area of application:

Destroys mould, algae, mildew stains and bacteria in indoor areas.

Properties

- Works immediately
- Bleaches and disinfects
- With active chlorine

Technical data:

Raw material base: Aqueous sodium hypochlorite solution >3% - 5% active chlorine content and additives
Density approx. 1.1 g/cm³
pH value: 12 - 13

Storage:

Store containers closed and cool, but frost-free. Keep out of reach of children.

Disposal:

Only recycle containers that are completely empty. Dried material residues can be disposed of with household waste or as construction site waste. Dispose of liquid residues in accordance with EWC waste code no. 07 06 01.

Item no.
065312074

EAN
404489965312

Container size
500 ml

Application:

Spray Glutoclean AM onto the mould-affected area from a distance of approx. 15–20 cm. After approx. 30 minutes, wipe the treated area with a damp cloth. Repeat the process for very severe infestations.

Notes

During application, a slight chlorine odour may occur, which can last up to 3 days and can be reduced by adequate ventilation or by briefly opening windows in the treated room. Sensitive and coloured surfaces such as wallpaper, carpets, textiles, clothing, wood and metals may be discoloured on the surface. Discolouration may also occur on tiles with damaged surfaces. Protect surfaces not to be treated from spray mist and splashes. Do not allow to enter drains or watercourses.

Use biocidal products with care. Always read the label and product information before use.

Please refer to the safety data sheet for safety-related information. Current safety data sheets are available on our website www.glutolin.de or at sds@glutolin.de.
